Octane Athlete

[Landing Page](#)

The screenshot shows the homepage of octaneathlete.com. The header features the "OCTANE PERFORMANCE TRAINING" logo and a "CONTACT US 858-442-8273" button. Below the header is a large image of children playing soccer. A banner at the bottom of the page reads "FUEL THE ATHLETE IN YOU". On the left, there's a "CONTACT US" form. On the right, a message says "Welcome to Octane Performance Training's Website! We're excited to get this amazing venture going!".

My first freelance job with a company. I helped design the Header and coded the website. While designing the header, I focused on typography and user experience within the nav. [Launch Website](#)
