## Welcome to my Portfolio Site!

Font: Abel #1a1e24

**Objective:** Seeking an entry level position where I can apply my creative design and web development knowledge to further educate myself and gain experience in the field of graphic/web design and development.

Font: Abel #252733

In five years I hope to be working at a company that offers medical and dental benefits. I would love to become a renowned WordPress developer. I want to create awesome themes for people using WordPress. I also want to create cool plugins to enhance user experience within WordPress.

## My Portfolio Work

[Web Design/Development](#)[Graphic Design](#)[Web Development](#)

## Octane Athlete

[Landing Page](#)

The screenshot shows the homepage of octaneathlete.com. The header features the "OCTANE PERFORMANCE TRAINING" logo and a "CONTACT US 858-442-8273" button. Below the header is a large image of children playing soccer. A banner at the bottom of the page reads "FUEL THE ATHLETE IN YOU". On the left, there's a "CONTACT US" form with fields for First Name, Last Name, Email Address, and Phone Number. On the right, a message says "Welcome to Octane Performance Training's Website! We're excited to get this amazing venture going!" and a "Launch Website" button.

My first freelance job with a company. I helped design the Header and coded the website. While designing the header, I focused on typography and user experience within the nav. [Launch Website](#)
